MAYOR'S UPDATE:

Can you believe we are rounding the halfway point of 2024? For me it feels like the first six months were packed with planning and preparing for the upcoming projects. Our team has been working on: Grand Street Water Main Replacement, District 11 Sidewalk Replacements, Gate Valve Turning Program, Wastewater Treatment Plant Septic Receiving Station Upgrade, Open Cut Sewer Repair Program, Pipe Bursting Sewer Repair, The Downtown Revitalization Project, The New Street Parking Lot Replacement, Installation of Cairns Playground, Hubbard Street Reconstruction and Concrete Patching, Sanitary Sewer Lining, and Local and Major Streets Repair Program. All of these programs and projects are coordinated through collaboration and hours of meetings and are finally ready to begin! At the time of this publication, the Downtown Revitalization project will have broken ground beginning with Macomb Place and the Cherry Street Mall portion of the project. The New Street Parking Lot will begin in late fall of 2024. Later in this edition of the Clementines you can find additional details of each of the projects and programs from our staff.

Often, I get the question from residents "how can I help to support Mount Clemens?" One important way residents can contribute to our success is by increasing the frequency they use our downtown businesses during this construction. Construction projects, whether at your home or in a commercial area, can be inconvenient. We ask that you pardon our dust and still come patronize our terrific businesses.

Our Great Lakes Water Connection project is in full swing going out to bid this past May. The construction is expected to break ground in mid-summer and continue through 2028. This project will impact several different areas of the City throughout the months of construction. Please watch for updates on the Mount Clemens website www.mountclemens.gov where you can sign up for text alerts and email notification.

I hope this summer you find time to make memories with your family, enjoy a sunny day and take a stroll at one of our beautiful parks!

As always, if you have any questions, feel free to contact my office at 586-469-6800 ext. 315 or email me: Lkropp@mountclemens.gov

SKIP THE CROWDS AND VOTE EARLY THIS YEAR!

Mount Clemens voters are invited to cast their ballot early for the August 6, 2024 primary election. Early voting begins on Saturday, July 27th and continues for nine consecutive days (including weekends) through Sunday, August 4th from 8:30 a.m. – 4:30 p.m. at Mount Clemens City Hall.

For more information about early voting, please contact the city clerk's office at 586-469-6800, ext. 309.

WHY DID I RECEIVE A VOTER REGISTRATION FORM IN THE MAIL?

Residents who receive unsolicited voter registration materials by mail should be aware that it did not come from the Mount Clemens city clerk's office. Such forms are sent by political parties and public interest groups who have no knowledge of voters' registration statuses.

Once a resident is registered to vote in the city, there is no reason to re-register and all unsolicited voter registration forms should be discarded. The city clerk's office will only send a resident a voter registration form upon request.

Voters may always check their registration status by contacting the city clerk's office, or by visiting www.mi.gov/vote online.

COMMUNITY DEVELOPMENT

2024 CONSTRUCTION PROJECTS

1. Grand Water Main Replacement – Southbound Gratiot to N Wilson Boulevard

Approximately 2,700 feet of 8-inch water main will be replaced along Grand Avenue between Southbound Gratiot Avenue and N Wilson Blvd. This will bring improvements to the water quality and overall efficiency of the water distribution system. Construction should be completed by the end of December 2024. Pavement replacement will take place in 2025.

2. District 11 Sidewalks – Various locations

The City is continuing its sidewalk program this year with District 11 scheduled to begin in April. District 11 will have hazardous and defective concrete sidewalks removed and replaced.

3. Gate Valve Turning Program

Gate valves, a key component of the drinking water distribution system will be inspected, evaluated and exercised to ensure they are in proper working order. This program will be performed across the entire City.

4. Wastewater Treatment Plant Septic Receiving Station

The City is replacing and upgrading its septic waste receiving station at the Wastewater Treatment Plant. These upgrades will allow the City to continue to provide septic sewage treatment and protect the treatment plant.

5. Open Cut Sewer Repair – Various Locations

The City was awarded federal funding through the Michigan Department of Environment, Great Lakes and Energy through the Clean Water State Revolving Fund loan program. This project will include performing sanitary sewer repairs by the method of open cut at various locations throughout the City. Work will begin in Spring 2024 and is to be substantially completed by December 2024.

6. Pipe Bursting Sewer Repairs – Various locations

The City was awarded federal funding through the Michigan Department of Environment, Great Lakes and Energy through the Clean Water State Revolving Fund loan program. This project will include performing sanitary sewer repairs by the method of pipe bursting at various locations throughout the City. Work will begin in Spring 2024 and is to be substantially completed by November 2024.

7. Downtown Revitalization - Macomb Place, Cherry Street Mall and Cherry Street

The City's Downtown will be revitalized and turned into a walkable plaza. Improvements include increasing the area's walkability with pedestrian corridors along Macomb Place and Cherry Street, underground infrastructure replacement, fountain stage replacement and site amenity upgrades.

8. New Street Parking Lot

Located at the intersection of New Street and Pine Street, the New Street parking lot will be reconstructed. Improvements include a streamlined entrance and exit, replacement of pavement and storm sewers, relocation of trash bins into an enclosure, EV parking spots and new parking payment kiosks. Work will begin late Summer 2024.

9. Cairns Playground – Cairns Community Center

A new playground will be installed behind Cairns Community Center. The playground equipment, benches, and a concrete pathway connecting the parking lot to the playground will be completed by December 2024.

10. Hubbard Street Reconstruction and Concrete Patching

The City received federal funding through the Transportation Improvement Program (TIP) to perform concrete pavement rehabilitation on Hubbard Street from North Groesbeck Highway to the Canadian National Railroad tracks. Hubbard Street will be reconstructed from North Groesbeck Highway to North Rose Street. Hubbard Street will have concrete pavement patching performed from N Rose Street to the Canadian National Railroad tracks.

11. Alter Court Watermain Replacement and Looping

Alter Court will have the watermain replaced from Groesbeck Highway west to the City limits. The watermain will then be looped north to Roseview Blvd and Ellwood Street. The looping of the watermain increases the water quality, water pressure and provides resiliency to the overall drinking system.

12. Sanitary Sewer Lining Repairs

Sanitary sewer repairs will occur throughout the City using a method of repair that lines the pipe with a cured-in-place-pipe liner. This is a cost-effective repair method that reduces the amount of resident disturbance and does not require excavation to occur.

13. Local Street Repairs

Repairs of local streets will occur at various locations throughout the City. These areas were evaluated using an engineered scoring system that considered the streets road condition rating, length of repair area, volume of usage and previous repair history.

14. Major Street Repairs

Repairs of major streets will occur at various locations throughout the City. These areas were evaluated using an engineered scoring system that considered the streets road condition rating, length of repair area, volume of usage and previous repair history.

HOLIDAY REFUSE CALENDAR

Independence Day – Thursday, July 4, 2024

There will be NO garbage pickup on Thursday, July 4th. Pickup will run one day behind schedule beginning Thursday, July 4th through Friday, July 5th. Garbage pickup for Monday, July 1st, and Tuesday, July 2nd, and Wednesday July 3rd will be picked up **on schedule**.

Labor Day – Monday, September 2, 2024

There will be NO garbage pickup on Monday, September 2nd. Pickup will run one day behind schedule for the entire week beginning Monday, September 2nd, through Friday, September 6th. Regular garbage pickup will resume on Monday, September 9, 2024.

LEAF PICKUP POLICY

The City of Mount Clemens will again be enforcing its leaf pick up policy this fall. **RAKING AND BLOWING LEAVES INTO THE STREET IN THE CITY OF MOUNT CLEMENS IS PROHIBITED.** All leaves that do not fall into the street from the trees **MUST** be placed in 30-gallon brown waste bags or 25- to 35-gallon refuse containers.

ABSOLUTELY NO RAKING OR BLOWING LEAVES INTO THE STREET. IF YOU HAVE A LANDSCAPING COMPANY, PLEASE MAKE SURE THAT THEY ARE AWARE OF THIS POLICY. YOUR COMPLETE COOPERATION WILL BE APPRECIATED.

The City will schedule a clean-up crew to come down every street at least twice during this season to pick up the leaves that have fallen from the trees. The City will not release a schedule due to the uncertain weather conditions during the Fall season.

A City contracted yard waste collection truck will operate on your garbage day. This truck will pick up only properly contained and bundled yard waste. **YARD WASTE IN PLASTIC BAGS WILL NOT BE PICKED UP.** Brush piles and yard waste must be placed in 30-gallon brown waste bags or 25- to 35-gallon refuse containers marked “COMPOST” or “YARD WASTE” that weigh 50 pounds or less. Brush must be cut into four-foot lengths and tied in bundles. Bundles must not weigh more than 50 pounds or be over 18" in diameter. Large logs and branches over 3" in diameter, as well as stumps or roots, will not be picked up for collection.

Place all yard waste at curbside no earlier than 6 p.m. the day before your scheduled pick up day and **NO LATER THAN 7:00 A.M.** of your scheduled pick up day.

Please remember that following City policy will not only be appreciated by the City of Mount Clemens, but also by your neighbor who has been taking the time to bag their leaves.

Any questions on this policy should be directed to the Department of Public Services at 586-469-6847, between the hours of 7:00 a.m. and 3:00 p.m., Monday through Friday or visit our website at **www.mountclemens.gov/sanitation**.

MOUNT CLEMENS FIRE DEPARTMENT

A MESSAGE FROM FIRE CHIEF REYNOLDS

Good Day Mount Clemens,
Summer is almost here and I'm confident that we are all anxious to enjoy some nice weather and outdoor activities now that winter is gone. There's nothing like a campfire on a summer night. I wanted to provide you with some Outdoor Fire Safety tips and remind you of the local Fire Ordinances here in Mount Clemens. Whether you're at home in your backyard or at your favorite campsite there are some important facts you need to know:

Chimineas and outdoor fireplaces may be used in Mount Clemens, so long as you strictly adhere to the following:

- Rubbish, of any kind, may not be burned.
- The smoke from the fire may not be offensive or objectional; Clean, dry, untreated, natural wood such as logs are best.
- Construction grade lumber will **likely** violate the local ordinance and cause the Fire Department to order your fire to be extinguished.

"Open burning" or ground-based fires, such as a Camp Fire, have additional requirements as they are not contained and could more easily spread:

- The Fire may not exceed 6 square feet in total area.
- Rubbish, of any kind, may not be burned.
- There may be no objectional or offensive smoke odors.
- The fire must be at least 25 feet from any structure.
- The fire must be constantly attended, and a means of extinguishment must be readily available at all times.

Please remember that all other "Outdoor Burning" is prohibited unless the Mount Clemens Fire Inspector has issued a formal permit.

Additionally, I cannot overemphasize the importance of **NEVER** using Gasoline or other combustible/flammable liquids as a starter or accelerant for your outdoor fire. **Gasoline fumes are highly volatile and can cause a deadly accident in an instant.**

Please exercise great caution and consideration for your neighbors. The Mount Clemens Fire Department wishes all of our residents a fun, and safe, summer of 2024!!

Yours in Life Safety,
Dan Reynolds
Mt. Clemens Fire Chief

SUMMER FUN IN THE SUN IN DOWNTOWN MOUNT CLEMENS

If you are looking for fun in the sun this summer, look no further than in your own downtown here in Mount Clemens! Summer is the perfect time of year to walk into town with family and friends to enjoy our events, unique shops, social district, and wonderful dining establishments. Patios are open and in full swing, so soak up those beautiful sunny days in Downtown Mount Clemens while you can.

Every Friday throughout the summer, you're invited to grab a chair and head uptown for free music and great entertainment. The Uptown Friday Night free concert series features live bands right in the heart of our Downtown on Macomb Place on the Fountain Stage, Main Stage on N. Walnut, and Main Stage on Macomb Place by the Anton Art Center.

Don't forget to enjoy The Oasis Social District when coming downtown to shop, dine or listen to great music. The Social District is where people can buy and drink alcoholic beverages outdoors in the City's downtown area from participating businesses. New for this summer Bath City Bistro and Your Mother's will join Abbibo, Cellar 104, Gumbo's, and New Age Noodles in the expanded Social District.

Summer is here – The annual Mount Clemens Independence Day Celebration is a countywide favorite with over 20,000 attendees descending upon Mount Clemens. The evening festivities kick off with the River Sight & Sound Concert featuring Spooky Sterling with fireworks immediately following at dusk.

The concert and fireworks viewing take place in the Clinton River Park on the Clinton River. Food trucks and vendors will be placed on NB Gratiot on the street.

During the construction downtown on Macomb Place and the Cherry Street Mall area, special events and concerts may be moved to another location. Follow the Mount Clemens Downtown Development Authority website and social media sites for the most accurate and up to date information.

MOUNT CLEMENS STORM WATER MANAGEMENT PLAN

The collection of storm water is an important responsibility of the City of Mount Clemens. The City maintains storm sewer infrastructure ranging from local street drainage to large diameter collection pipes. In Mount Clemens most storm water is collected in catch basins and makes its way into the Clinton River. The City also maintains storm water outfalls to the Clinton River and Greiner Drain. These surface water discharges are permitted by the State of Michigan by a National Pollution Discharge Elimination System Storm Water permit.

How can you help?

1. Never sweep or blow leaves into a storm drain.
2. Use proper methods to dispose or recycle leaves.
3. Take used oil to a certified used oil collection center.
4. Follow directions on pesticides and fertilizers and avoid application when rain is forecasted.
5. Pick up pet waste and dispose of it properly to keep bacteria and parasites out of our groundwater and lakes.

The City of Mount Clemens partners with the Clinton River Watershed Council (CRWC) to provide stormwater education opportunities to the public. CRWC provides community programming, k-12 education, citizen-science programs, educational resources, stewardship events, and more as part of the Stormwater Education Program. For opportunities to participate and learn more, please visit the CRWC's website:

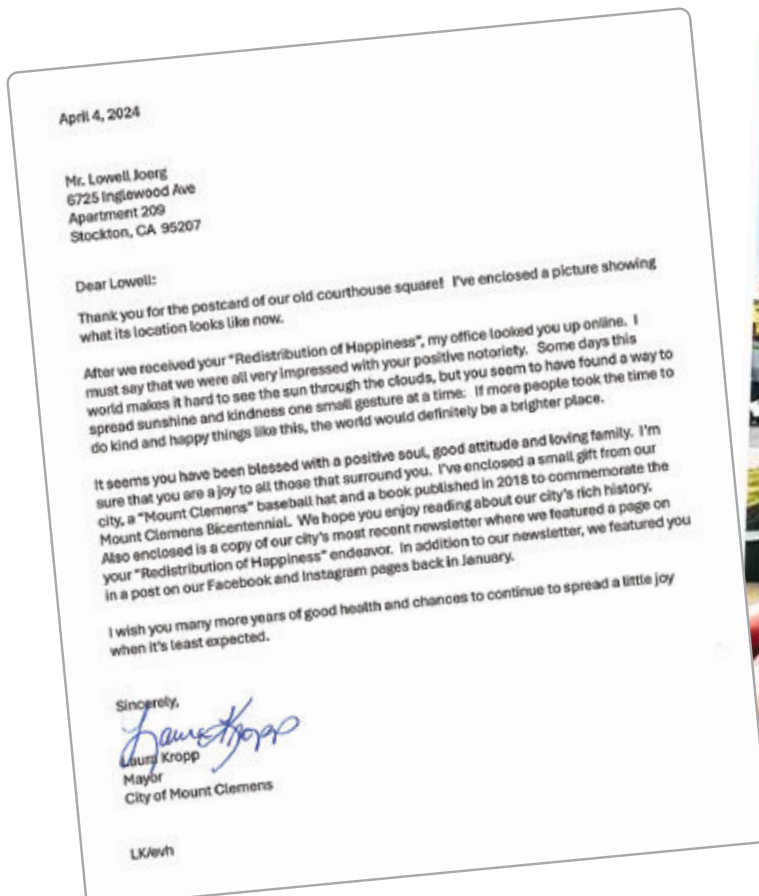

<https://www.crw.org/>.

The Stormwater Management Plan (SWMP) for the City of Mount Clemens is available on the City's website for public comment.

The full text of the City of Mount Clemens **Storm Water Management Program (SWMP)** document can be reviewed by going to the City's website, clicking on Departments, Utilities, then Stormwater Management Plan.

If you have any questions or comments, please feel free to email Leonard Bertrand, Utilities Director at lbertrand@mountclemens.gov or call (586) 238-0909.

FAN'S RUN DRUGS OUT OF TOWN 5K IS JUNE 30TH!

Families Against Narcotics' Run Drugs Out of Town 5K Run/Walk is a beloved community event. Each year, men, women, and children of all ages come out to support a common cause: to increase awareness of substance use disorder and help raise money to fund the many free programs FAN offers to the public. The 16th annual Run Drugs Out of Town will take place on Sunday, June 30th, at 10:00 am, at Jimmy John's Field in Utica. Join FAN for this fun, family-friendly event! Whether you run or walk as an individual or a team, sponsor the event, or simply make a donation, you'll be helping FAN help people across Michigan who have been impacted by the disease of addiction. Be a force for change. Be part of the solution. Join FAN at Run Drugs Out of Town! For more information, go to familiesagainstnarcotics.org/rundrugsoutoftown or call 586.438.8500.

LOVE IN A BAG

Susie Q's Kids is making big moves in 2024 to help kids in need. They partnered with the Macomb County Sheriff's Department to place their "Love in a Bag" comfort bags in the hands of the deputies to use in sensitive situations where the kids are most vulnerable. Read more: <https://bluewaterhealthyliving.com/love-in-a-bag-program-debuts-in-macomb-county/>

They moved into their new office at 6340 East 14 Mile Road, Warren Mi 48092 They are open by appointment only, contact President/Co-Founder Dr Mary Welsh drmary@susieqskid.org to volunteer, donate, and learn more.

In addition to their recognition in the community as the 2023 Best of MichBusiness Nonprofit of the Year, Community Partner of the Year for the American Foundation of Suicide Prevention (AFSP), Alignable's Top Business Person of the Year in Warren multiple years, and being Top-Rated by Greatnonprofits for the third year in a row, they have been nominated for several new awards.

Their recent nominations include the Macomb County Nonprofit of the Year Award, as Advocate of the Year by the National Alliance of Mental Illness (NAMI) for their work, and Dr Mary was nominated for the Macomb County Athena Award. Keep up the excellent work Susie Q's Kids, your impact is being felt throughout the community.

The market in City of Mount Clemens remains strong with continued low sales as the result of low inventory. This trend does appear to be reversing as the year-over-year figures suggest. Please note that with small amounts of data, average sale price is likely to fluctuate, noticeably, and is a less reliable indicator than Days on Market.

Stats and Trends provided by the Grosse Pointe Board of REALTORS® All information deemed reliable but not guaranteed and should be independently verified. Information was derived from a variety of sources including, but not limited to, Realcomp II Ltd. and the Great Lakes Repository®.

¹An absorption rate between 15.4% and 18.3% is considered a market in balance. Higher favors sellers, lower favors buyers.

UNDERSTANDING THE NUMBERS

Average Sale Price – Good: The improvement in average sale price matches with an improvement in dollar per square foot (\$/SF) which helps to remove a data bias based on the mix of homes sold. It lets sellers know they are seeing increases in equity, and helps buyers to see why buying now is more important than waiting on interest rates.

Days on Market (DOM) – Healthy: A DOM of under 30 days indicates there is strong buyer interest, but there is also some opportunity for buyers not to be rushed.

Inventory – Poor: The continued decline in inventory is the sole reason for any constraint in unit sales. Increased seasonality may be partly to blame as well, but it will take at least another quarter to tell.

Absorption Rate – Seller's market: Buyers need to remain aggressive when they find a home they really want. An absorption rate at these levels means the market is very competitive from a buyer's perspective.

BENEFITS OF MT. CLEMENS MINERAL WATERS

Mt. Clemens is no stranger to relaxing spa atmosphere, massages and soaking in healing water.

The first bath house in Mt. Clemens dates to the late 1800's and was called The Original.

Olympia Salon & Spa, located on Cass in Mt. Clemens, continues to keep the mineral waters history alive. The mineral waters were known to help tremendously with arthritis pain, body aches, and many skin conditions.

Depending on the ailment, results will vary from immediate to a few weeks. However, the degree of relief and the long-lasting effects depends on the degree of pain that is being treated. Minerals water products from the well can be applied to sore muscles, joints, or skin.

The 34 minerals in the products penetrate the skin, into the muscles and joints, replenishing the body with much-needed nutrients.

While the products are effective for temporary relief of aches and pains, 21 days was the treatment timeline used in the original bathhouses of Mount Clemens

in the 1900's. Patients were experiencing long term healing of their ailments by being exposed to the minerals for 21 bath soaks.

Some of the other benefits from the waters are they aid with menstrual cramps, digestive absorption of vitamins and minerals, symptoms of endometriosis, food craving, kidney secretion, can increase the retention of calcium in the body, and the benefits continue.

There are six products currently available for purchase that are produced from the mineral waters. Of course, interested people can come soak in the mineral water at Olympia Salon & Spa.
